

Thank You

for your unwavering support over the past 31 years. MDA is proud and honored to have you, your employees and friends as part of our family.

Special thanks to the dedicated Golf Committee members for their time and energy, and to all of the volunteers.

MDA is leading the fight to free individuals — and the families who love them — from the harm of muscular dystrophy, ALS and related muscle-debilitating diseases that take away physical strength, independence and life. We use our collective strength to help kids and adults live longer and grow stronger by finding research breakthroughs across diseases, caring for individuals from day one and empowering families with services and support in hometowns across America.

Thank you for helping the kids and adults we serve, live longer and grow stronger.
