#### IN THE NEWS

##### Mansfield Market Assessment

Natural Gas is selling off on the heels of much higher Crude and product prices across the complex. Crude Inventories worldwide are very shallow and will take a while to recover. One has to wonder if and when these higher prices will effect the economy and potentially cause a recession?...

##### Natural Gas Futures Fall 2.67% as Production Stalls

Natural gas futures fell 2.67% on Monday after an early morning increase. As investors mulled weather reports and production leveling off, the price fell sharply. However, U.S. LNG futures are still elevated, and a rate above \$3 per MMBtu at this point in the season is unusually high.... For More info go to <https://tinyurl.com/bbhfetwn>

##### Bechtel greenlit for Sabine Pass liquefaction expansion

Bechtel has received limited notice to proceed (LNTP) from Cheniere for Train 7 at the Sabine Pass liquefaction (SPL) expansion project (Phase 1) in Southwest Louisiana, advancing one of the next major expansions of US LNG export capacity into the EPC phase. Full construction is expected to begin in early 2027.... For more info go to <https://tinyurl.com/58s8tbth>
