IN THE NEWS

Natural Gas Continues to Respect Range

Natural gas markets continue to go sideways on Monday, as we have no real clear momentum or headlines to get the markets moving. We continue to see the 200 Day EMA as a bit of a magnet for price here. The natural gas market has done very little during early trading on Monday as we continue to go sideways. This is my general thought process for the market as of late; it's a situation where any rally that we get, you have to look at as a potential selling opportunity....

Dozens injured, 18 missing after Blast at Qatar LMG site

Fifty-four people were injured and 18 are missing after an explosion at Qatar's massive Ras Laffan liquefied natural gas (LNG) complex, which occurred as workers were restarting operations halted after an Iranian attack in March. Authorities said a 'technical accident' occurred at the Barzan local gas supply facility on Sunday evening and that there was no threat to public safety.... For More info go to

Chevron Signs 20 year Nat-Gas Power Deal

Chevron (\$CVX) signed a 20-year agreement to supply natural-gas-fired power to Microsoft (\$MSFT) for a proposed West Texas data center. The project, known as Project Kilby, is expected to ramp to 2.67 gigawatts of power capacity and begin supplying electricity in 2028, supporting Microsoft's expanding AI data center buildout....
