IN THE NEWS

Trump's Iran Reversal Sends European Gas Prices Down

European natural gas prices plunged at opening on Monday after U.S. President Donald Trump said he had called off a planned attack on Iranian energy sites and talks on a deal would begin this week. Europe's benchmark natural gas prices, the Dutch TTF Natural Gas Futures, sank by 4% at the start of trade on Monday, following the 5% slump in oil prices amid renewed hopes that the U.S. and Iran are looking for a return to diplomacy.

New Deepwater Gas Discovery Offshore Colombia

Petrobras has confirmed a new deepwater natural gas discovery at the Sandia-1 exploratory well in Colombia's GUA-OFF-0 Block, further expanding the company's growing offshore gas portfolio in the country. The Sandia-1 well, located approximately 42 km offshore in 1,251 m (4,104 ft) of water, encountered gas-bearing intervals that are being evaluated through well logging, with laboratory analyses planned to further characterize the discovery.... Natural Gas Stalls Below \$3 Resistance

The natural gas market has gone back and forth during the early part of the trading session here on Monday but looks as if it is trying to be somewhat positive. That's a good sign, but the range that we are trading in the natural gas market is all but minuscule as traders are trying to sort out whether or not there's going to be enough demand....
