IN THE NEWS

Stranded nat gas could power offshore data centers

Stranded and undervalued natural gas could be used to power floating data centers. Houston, Texas-based companies Riverway Group and Offshore Data Center are planning to develop an offshore compute platform they can sell to oil and gas producers looking for additional ways to monetize their resources. The firms intend to market a platform that is 50 percent lighter than traditional designs and is capable of housing large “topside” loads, including data centers, ammonia or methanol production units, and conventional gas production facilities.... https://tinyurl.com/yc8d8y4b

China Builds Gas Buffer for Winter

China has stockpiled enough natural gas to meet winter demand, according to analysts, as importers acted early to build supplies in anticipation of price spikes from the Iran war.The country’s underground gas storage was 80% full at the end of September, Xiong Wei, analyst at Rystad Energy AS, said on the sidelines of an industry forum in Beijing. ... Peoples Gas marks completion of pipeline upgrades

Peoples Natural Gas, an Essential Utilities company, Tuesday joined state and local officials, community leaders and customers to celebrate the successful modernization of the Goodwin Tombaugh pipeline system. This landmark infrastructure project upgraded more than 300 miles of natural gas pipelines serving nearly 1,700 customers across portions of Greene, Washington and Allegheny counties. ...
