

Wholesale Fuel

Your Single Source for Reliable Supply at Competitive Prices

The Mansfield Energy Wholesale Team is ready to respond to your immediate fuel supply needs. When fuel is one of your highest operating expenses, it's important to partner with a trusted, single source provider that is committed to your success.

Mansfield Energy holds extensive supply positions across U.S. terminals to supply or deliver fuel when and where you need it.

Our comprehensive fuel and DEF supply network spans across the United States and Canada to support our distributors, resellers, travel centers and DeliveryONE network spot or contract supply needs.

Wholesale Fuel

THE MANSFIELD ADVANTAGE

Mansfield offers our customers and distribution partners a range of low-cost purchasing and storage strategies. These add up to over 3 billion gallons of scale in hundreds of markets across the United States.

COMPREHENSIVE NETWORK

We ship on all major pipelines including Explorer, Colonial, Plantation and Buckeye and have inventory positions at various third party terminals across the United States.

RELIABLE SUPPLY

Our reliable, nationwide supply network is backed by long standing relationships with all major and independent refiners. Maintaining diverse supply sources and contracts, ensures reliability and performance during volatile periods due to refining upsets or natural disasters.

FLEXIBLE ADVANTAGE

Mansfield offers flexible purchasing options by market which include: spot pricing, day deals, index priced contracts (Platt's, OPIS, Argus, NYMEX) and risk management programs.

CUSTOMER FOCUS

Mansfield helps thousands of fuel and DEF buyers manage their supply chain in this volatile, changing market. We offer custom reports, tailored invoicing and supply audits to help you benchmark performance, analyze markets and develop better buying strategies.

ABOUT MANSFIELD ENERGY

Serving North America's leading companies, organizations and governments, Mansfield Energy provides innovative solutions to the most demanding energy procurement, supply and logistics challenges. Offering a broad range of solutions including fuels, natural gas, data management tools and price risk management services, Mansfield Energy delivers over 3 billion gallons of fuel and complementary products annually to 5,000 customers across the U.S. and Canada. Mansfield Energy is headquartered in Georgia and operates in every U.S. state and Canadian province.
